

Shun Idleness and Indecision and Get Work Through P.-D. W.

THE PEOPLE ARE FOR MR. BRYAN.

HIS TRIP THROUGH NEW YORK A
CONTINUOUS OVATION.

BIG CROWDS EVERYWHERE.

Senator Murphy, Who Never Missed a
Long Guess, Says Bryan Will
Carry New York.

Special to the Post-Dispatch.

NEW YORK, Aug. 27.—The tour of William Jennings Bryan through New York State and Pennsylvania has been one continuous ovation. Many thousands of citizens have cheered the Democratic candidate and the utmost sympathy and enthusiasm for the free silver cause has been shown.

The truth is the whole of the Empire State has cheered his doctrine and given promise of support. More and more the belief grows, too, that free silver will capture this State at the November election. Senator Murphy predicts this result. For many years Senator Murphy has prophesied on the elections, and never yet went wrong. His opinion was sought and given as above regarding Bryan's chances in New York. Senator Murphy never conducted but one losing campaign, and he predicted that defeat.

All along the route of his journey Mr. Bryan delivered many short addresses and some long ones. The demonstrations reached a climax at Erie, Pa., where the nominee made three speeches to big crowds. Conservative estimates place the crowds which heard Mr. Bryan at the various large towns as follows: Albany, 20,000; Syracuse, 8,000; Rochester, 5,000; Dunkirk, 2,500; Erie, 8,000.

The largest reception was at Dunkirk, N. Y. Although the stop there was of ten minutes' duration only, a temporary stand, profusely decorated had been erected near the station, and from this Mr. Bryan made a short speech, in which he took occasion to pay high tribute to the personal integrity of Maj. McKinley.

Joseph Sibley of Erie, who was one of the leading competitors for the place secured by Arthur Sewall, joined Mr. Bryan at Dunkirk. The reception was cordial, and it is estimated that 2,500 people took part in it. A magnificent bouquet was handed Mrs. Bryan there. The rain, which was coming down in sheets, did not keep a big crowd from forming at the Westfield Station. There was much enthusiasm. Mr. Bryan made a brief speech, which was well received.

Along the entire route Mr. Bryan received assurances from men more or less prominent in Republican politics of their support of the Chicago ticket.

But of a handful of people at Irving, N. Y., a stalwart man, whose name was lost in the rush, grasped Mr. Bryan's hand and cried:

"I'm one of the most prominent Republicans in this county, but I'm for you."

For the first time Mrs. Bryan has tired a little, consequently did not appear at every station with her husband.

TWO MEN TERRIBLY BURNED.

Were Cooking Tamales and the Gasoline Stove Exploded.

Gotlieb Burkhardt, a hot tamale man, and his helper, Jacob Makowski, living at 214 Cedar street, were frightfully burned by the explosion of a gasoline stove just before noon.

Burkhardt was cooking tamales when the stove burst and the blazing oil bespattered him. His clothing caught fire and the smoke in the room was so dense that he could not find his way to the door.

His head, face, arms, back and breast were blistered and as he was rolled over the rough yard the pebbles and broken bowlders tore off the puffed skin, leaving the upper body raw and frightful to look upon.

Firemen subdued the flames in the house and a patrol wagon hurried with the suffering Burkhardt to the City Dispensary, where Dr. Thompson swathed the burns in picric acid and sent him to the City Hospital.

While nearly all the skin was blistered and peeled off Burkhardt's face, his eyes escaped injury.

He accounted for this by keeping them shut when the flames enveloped him. Burkhardt is in a pitiable condition, and aside from the suffering he must endure while his burns are healing, he will have to grow a new coat of hair, eyebrows and lashes.

Makowski was some distance from the stove, and did not fare so badly, having escaped with slight burns on his neck, face and hands.

WEST GERMAN CONFERENCE.

Proceedings of an Important Branch of the Methodist Church.

Special to the Post-Dispatch.

SEDALIA, Mo., Aug. 27.—At to-day's sessions of the West German Conference of the M. E. Conference, Bishop Flower presided and Rev. H. M. Menger of Parsons, Kan., conducted the devotional exercises. Joseph was selected as the place of next conference meeting in September, 1897.

The morning session was devoted to the routine work of the conference. Rev. P. W. Matthias, Rev. J. L. Krutts and Rev. J. G. Leist being appointed trustees, whose terms expire in 1898.

QUIET AT LOUISVILLE.

The Old Board of Safety Still Holding the Fort.

Special to the Post-Dispatch.

LOUISVILLE, Ky., Aug. 27.—The old Board of Safety and Chief of Police are still in possession of their respective offices in the city hall. Squads of police prevent the new board and chief from taking possession. Everything is quiet about the City Hall to-day. Attorneys for the old board appeared before Judge Frankfort asking that Judge Toney's injunction against the Board of Aldermen be made perpetual.

LEYEE MURDER.

Charles Brown Shot and Instantly
Killed by Jim Davis During
a Quarrel.

Charles Brown, a negro roustabout, was
shot through the heart at 412½ North Levee
at 1:30 p. m. by Jim Davis, also a Levee ne-
gro.

They quarreled over a can of beer.

Davis fired three shots at short range, all of which took effect. Brown was instantly killed.

Davis fled, and the police are hunting him.

FREE SILVER IN MEXICO.

An American of Large Experience
Says It Works Well.

Special to the Post-Dispatch.

SEDALIA, Mo., Aug. 27.—A. S. Higgins, a former Sedalia, but who for the past ten years has been railroading in Mexico, is visiting friends here. He is a conductor, has worked on nearly all the leading railroads in Mexico, and refuses some of the stories told about wages in that country.

"In my ten years' experience in Mexico," he said, "my salary was from \$50 to \$300 a month. An American brakeman in that country gets about \$80 a month, while a Mexican brakeman on the same train will only get about \$35 a month, and be glad to get it."

"Speaking of the Mexican dollar," Mr. Higgins continued, "there is a great deal of misinformation on that subject in this country. The Mexican dollar in Mexico will buy nearly as much as a dollar will buy in the United States, except, of course, articles imported from the United States."

"For instance, I can buy a suit of tailor-made clothes for \$40, about what I would have to pay in Sedalia. I doubt not an American made hat would cost \$8 or \$9, but one equally as good, only made in Mexico, would cost \$4 or \$5, all of course, in Mexican money."

"The working people in Mexico, not counting the peon classes, are better off, as a general thing, than their American brothers. There is plenty of work of all kinds going on. Mexico is improving. Railroads and factories are being built, and there is steady work for those who want it."

Mr. Higgins, after his ten years' residence in Mexico, and an almost daily experience with the working of the financial system of that country, returned to the United States a strong advocate of the free and unlimited coinage of silver, and an enthusiastic supporter of Bryan and Sewall.

HAVE BEGUN TO WEAKEN.

Special Meeting of the School Board
About Heating Contracts.

Secretary Player of the School Board received notice from School Directors Ernest E. Lacey, Nicholas Berg and J. B. Ulrich, Thursday, to call a special meeting of the board for next Monday night.

But the object of the meeting, named in the call, is to take special action in regard to the heating contracts for the public schools and to reconsider the action taken by the board Tuesday night.

At that meeting the contracts were awarded to the Fock-Williamson Heating & Ventilating Co., of Cincinnati. The peculiar circumstances of the award were exposed in Wednesday's Post-Dispatch.

Thursday morning the contractors who met Wednesday to take action against the board, consulted with attorneys Alderson & McIntire with a view to filing suit to enjoin the board from executing the contracts.

CLAIM REJECTED.

The North American Commercial Co.
Must Go to the Courts.

WASHINGTON, D. C., Aug. 27.—Auditor Baldwin of the Treasury Department has rejected the claim of the North American Commercial Company for \$283,725 for damages, alleged to have been sustained by it by the seizure of the United States having prevented the company from taking any during the Freyhold Islands in Alaska.

The claim is rejected not on its merits, but on the ground that the Auditor has no jurisdiction to hear and audit claims for unliquidated damages, such as appear in this claim. A long line of authorities in support of this ruling is cited. As a result, the case will probably be sent to the courts.

SUES FOR HIS INTEREST.

Wm. J. Stephens Sues Martin Bowdren
Did Not Divide.

William J. Stephens sued Martin Bowdren and William H. Murphy for a one-half interest in a house at 1387 Burd avenue.

He says that he and Bowdren were partners in a grocery store at 4301 North Market St. Edwards for the business to Thos. Bowdren held the property in his own name and the petition alleges that the rents and finally sold the house to Murphy without the plaintiff's consent and without recognizing his interest.

There were not more than 150 people present.

BROADHEAD FOR PRESIDENT.

INDORSED BY THE KNOCKERS'
CLUB OF MISSOURI.

J. M'D. TRIMBLE FOR GOVERNOR.

Not One of the Regular Democratic
Candidates Will Be Supported
by the Bolters.

The Wall street wing of the Democratic
party will have a complete State ticket,
made up exclusively of members of the
"Knockers' Club."

It will have a State Central Committee and will run its campaign independent of, but strictly in accord with, the Filley Committee.

It has nominated a complete electoral ticket, but upon the action of the goldbug convention at Indianapolis will depend whether it will try to get it on the State ticket.

The conservative element of the convention tried Thursday to get an indorsement of nominees of the regular Democratic ticket, but the feeling against Democrats was too strong to overcome.

They concentrated the last to put Judge Brace on the ticket for Supreme Judge, but that was the only concession to Democracy they would make.

Now comes the question of how the bolters will proceed to get their ticket in the field.

It cannot go on under the caption of National Democracy, but will have to go on by petition.

Demouring the convention instructed its Indianapolis delegates to present the name of Col. Broadhead as Missouri's candidate for President.

Ten o'clock in the forenoon is too early for the goldbug third party to get to work. It can't get its late breakfast, take its bath, put on its diamonds and prepare for a day's labor by that hour.

The hour set for the meeting of the Knockers' Club Thursday was 10 o'clock. At that time not more than a dozen people were in the Entertainment Hall. They were the "down farmers" from the interior, who had come in with the bankers, the newspaper editors, the coupon clippers and the sore-heads to help relieve Entertainment Hall of its bare aspect.

Very few of the leaders of the McKinley Aid Society were able to get to the convention until nearly 11 o'clock.

They were working hard to head off the threatened bolt from Southeast Missouri. The Southeast goldbugs, led by Judge J.

COL. BROADHEAD WAS
OVERCOME WITH JOY.

G. Wear of Popular Bluff, were up in arms at the proposition to turn the State government over to Filley and to aid in electing the Republican State ticket.

That was more than they had agreed to do and all the astuteness and skill of Chief Bolter Broadhead, of Numerous Bolter Krum, of P. W. Lehman, the law bolter and all the other bolters big and little were necessary to hold them in line.

They had no sympathy with the bitter fight on Len V. Stephens and the regular Democratic State ticket and frankly said so.

There were not more than 150 people present.

HAWAIIAN ANNEXATION.

The Subject Revived by Alleged In-
structions to Minister Willis.

SAN FRANCISCO, Cal., Aug. 27.—The steamer Alameda, from Honolulu Aug. 20, brings advice that Minister Willis has resumed his duties. It is rumored his recent visit to the United States was for the purpose of conferring with President Cleveland on an annexation policy. As a result of the conference it is said Mr. Willis was empowered to enter into negotiations for either annexation, a monarchical form of government, with Kalulani on the throne, or an American protectorate, the choice of either form of government to be left to a vote of the people. Minister Willis made a formal call on the Government soon after his return to the city. Nothing definite will be known regarding Willis' instructions until the return of President Dole, who is on the island of Maui at present.

THE FINANCIAL SITUATION—THE FARMERS' VIEW.

BOY: Father, why do the goldbugs call it the sound money party?

FATHER: They mean all we'll get of it will be the sound of it in their pockets.

GOLD IMPORTATION.

Chicago Banks Going Into It as a Speculation.

CHICAGO, Aug. 27.—The low price to which foreign exchange rates have fallen has finally tempted Chicago banks to become importers of gold. The First National Bank has ordered \$100,000 from London and the Union National Bank a like sum. The gold will be shipped next Saturday. Other banks are said to be contemplating similar action, and it is understood that if the sterling exchange rates continue to fall large quantities of gold will be brought over.

Ten Million Coming.

NEW YORK, Aug. 27.—Chairman F. B. Tappan of the Clearing House Loan Committee says that no applications for loan certificates were made to-day or are expected to be made in the near future. Mr. Tappan expressed the opinion that the imports of gold have been sufficient for the time being to relieve the domestic money situation as it is not desired to unsettle matters on the other side. The total amount of gold ordered and about is estimated at \$10,000,000, of which amount about \$1,500,000 has not been traced, but is set down to Speyer & Co., of New York.

Advices at Washington.

WASHINGTON, Aug. 27.—The Treasury Department to-day received a telegram from the sub-treasury at New York stating that in addition to \$4,500,000 of gold coin already reported, \$2,750,000 has been ordered. Improved terms in New York, the telegram says, warrant the expectation that more will be ordered soon.

MUTINY AT SEA.

Captain Attacked, the Mate Injured
and the Steward Blain.

NEW YORK, Aug. 27.—A dispatch to a local paper from Boston says:

The crew of the Portland brig Henry B. Cleaves mutinied in the harbor of St. John's, Porto Rico, attacked the captain, overpowered the mate and all but killed him and inflicted injuries on the steward which caused his death. The steward, Antonio P. Berra, was struck over the head by the mutinying pin and thrown head foremost into the hold. In wantonness the murder compares with the triple murder on the Herbert Fuller.

FATALLY STABBED.

Burglars Get the Best of a Chicago
Night Watchman.

CHICAGO, Aug. 27.—O. B. Robbins, a night watchman in the Title and Trust Building, was attacked by burglars early this morning and fatally stabbed. Robbins was in the basement of the building when he saw two men leaving the room with some carpenter's tools. Instead of complying with his command to halt the men turned upon Robbins with knives and stabbed him until he fell unconscious. The burglars made their escape. Robbins was removed to his home.

GEMS FROM BRYAN'S SYRACUSE SPEECH.

The Chicago platform aims its blows at the real enemies of this country, those who think they are greater than the Government and can make the Government their instrument for private gain.

No platform ever written by a national party in the United States ever said that the gold standard was a good thing.

Gold in its last analysis is the sweat of the poor and the blood of the brave.

If you are farmers, I beg you remember that under this appreciation of gold your products have fallen in value, while your debts and your taxes have remained as high as they used to be.

We are opposed to the gold standard because it has never conferred one benefit upon those who produce the wealth of the world.

Gold has been the prize of the man who hoards money; silver has been the medium of exchange among those upon whom the greatness of every nation has rested.

People can get along without gold, but even gold standard countries can not get along without silver.

What we want is a dollar that will maintain its parity with the property which that dollar is to buy.

There is nobody with us but the people, my friends, and they are the ones for whom this Government was instituted.

BOMBARDMENT.

British War Ships Sh
Palace at Zanzibar

It Falls in Ruins Before the
Fire of the Great Guns.

Said Khalid, the Usurper, Seeks
German Protection.

It Now Transpires That the Late
Sultan Was Poisoned.

England May Annex the Island and Crush
the Slave Trade.

ZANZIBAR, Aug. 27.—The palace of the Sultan of Zanzibar was bombarded this morning, and at noon was a mass of blazing ruins. The usurping chieftain, Said Khalid, and the commander of his forces, Said Sales, succeeded in escaping to the German Consulate, where they have sought refuge and remain under the protection of the German flag.

As already cabled, Rear Admiral Henry Rawson, C. B., in command of the British Cape of Good Hope and West Coast of Africa Station, and the British Consul General, Mr. A. H. Harding, C. B., after holding a conference yesterday, communicated by cable to the Government of Great Britain an outline of the situation of affairs here, setting forth that Said Khalid, who seized the palace and proclaimed himself Sultan on the death, apparently by poison, of Sultan Hamed Bin Thwain Bin Said, had been strongly reinforced and positively refused to surrender.

Said Khalid had with him at that time about 3,500 well armed and well disciplined men, including 900 Askaria, who have been trained under British officers, plenty of ammunition and a number of field guns and other pieces of artillery, which were trained on the British warships. The latter, with reinforcements which arrived yesterday, were: The flagship St. George, the third-class cruiser Philomena, the third-class cruiser Raccoon, the first-class gunboats Sparrow and Thrush.

Later in the day cabled instructions were received from London, and another conference was held between the Admiral and Consul-General, and eventually an ultimatum was sent to Said Khalid, ordering him to haul down his flag and surrender with his forces not later than 9 o'clock this morning. At the same time the British residents of Zanzibar were notified to be on board Admiral Rawson's ships by 3 o'clock.

During the past night there were a number of disturbances among the natives in the outskirts of the town, but they were promptly suppressed by the 350 British marines and sailors who had been landed to protect property and guard the consulate of Great Britain.

It is understood, however, that Said Khalid received further reinforcements from the slave dealers who stocked to his support, as the formal hoisting of the British flag over Zanzibar would mean the liberation of about 250,000 slaves and a death-blow to slavery in this part of East Africa.

By 3 o'clock the British subjects, numbering about 100 people, and a number of other foreigners had embarked on board the warships, the Italians going on board the Italian gunboat Voltourno and the Germans seeking safety at the German Consulate.

Shortly before 9 o'clock a naval officer was sent to the palace square with another message for Said Khalid, asking him if he was prepared to surrender in accordance with the terms of the ultimatum, and again notifying him that the palace in which he had barricaded himself would be shelled at 9 o'clock promptly if he failed to haul down his flag before that time. As before, Said Khalid replied that he would die sooner than surrender. His answer was conveyed to Admiral Rawson and the British Consul General, and the crews of the ships, which had been prepared for action the day before, were sent to quarters.

At 9 o'clock the flagship signalled the Raccoon, Thrush and Sparrow to commence firing, and a moment later all three vessels opened fire with their heaviest guns, and ten minutes later they had sent a storm of shell and shot into the palace, scattering big gaps in it, scattering death and confusion among its defenders, dismounting some of the guns ashore and putting to flight the gunners handling the pieces. The fire of the warships was admirably directed and smoke was soon seen to be issuing from several parts of the palace. During this time the St. George and the Philomena were held in reserve, although they occasionally plumped a shell into the enemies' camp, adding to the dismay of its defenders.

The Raccoon, Thrush and Sparrow kept

A GROUP OF OFFICERS OF THE NEW PARTY.

GARBAGE BILL RUN THROUGH.

THE HOUSE PROVIDES FOR A FAT CONTRACT.

MR. MEMPHAM WAS INDIGNANT.

He Thought He Had Killed the Bill, but His Colleagues Had Another Thought.

When the House of Delegates met in adjourned session at 10:30 a. m. Jim Cronin, the swaggering statesman from the First Ward, showed up with a clean shave and a subdued voice. He had little to say and kept to his seat.

Some smooth lobbyist got in his work during the night in behalf of Ed Butler's sanitary works.

At Wednesday's session it was shown by Mr. Memphis that the passage of the commercial garbage bill was useless; that the Federal authorities had never prohibited the dumping of such refuse in the river, and to clear all doubts on the subject had issued a permit after being reminded by Harbor Commissioner Stone of the law of Congress, which had been in existence several years, but never applied to St. Louis.

The bill was defeated by a vote of 12 to 11. Thursday Mr. Memphis moved to reconsider the bill. Mr. Memphis had been in the chamber for some time before the House met and went out to get further information as to the bill.

While Memphis was absent the House met, and as soon as the roll was called the gentleman who had been demanding a reconsideration of the bill, and it was ordered to be brought by a vote of 17 to 6.

Mempham came in a few minutes later, and when told that the bill had been reconsidered he was indignant.

"I wish to say, Mr. Speaker," he said, "that the action of the House was an outrage on me. Every man in this House knew that I was opposed to this bill; that I had led the fight against it yesterday, and the gentleman who took advantage of me knew that I was out in search of additional information to meet anything he might offer in behalf of this useless piece of legislation."

"I have just come from the Health Office," he said, "and I have been told that since the passage of the bill, it is opposed to this bill, because it involves an unnecessary expense to the city. I also have been told from the Controller and the War Office, that I will send them to the clerk to read, and every man can see that the agitation of this question was a piece of impudence on the part of the Commissioner. The Government has never said one word against the dumping of garbage in the river. It would be interesting to know just why this correspondence was ever started. There was certainly some object to it."

"The introduction of this bill, which provides a fat contract for Ed Butler or some one else, shows what was the proper thing. I don't accuse anybody, but the developments tell me that the Government is revocable at will and really amounted to no permit."

Mr. Memphis, despite the voluntary action of the Government, stood in awe of the following section from the ordinance on which Ed Butler's garbage contract was originally based:

"Sec. 2. No person, firm or corporation shall throw, cast or deposit any garbage or refuse of any kind whatever into or on any gutter, street, alley, public place, vacant lot or water course, within the limits of the city, or into the River des Peres or the Mississippi River inside the boundaries of the city, any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and shall be fined not more than \$100; and each violation thereof shall constitute a separate offense, punishable as provided herein."

Mempham replied that the utter uselessness of the bill was shown by the fact that the Government permitted every town up the river to dump its garbage in the river.

Mr. Sullivan was very much afraid that the War Office would revoke its permit, and Mr. Lough thought that the citizens wanted the bill to pass because when a man was hired to haul garbage he did it much better than the fellow who hauled his own garbage. There was no doubt about it that the garbage contract had not been rigidly enforced, but that was the blame of the proper authorities and not of the House.

The bill passed by a vote of 17 to 10. The bill to permit the Manchester Electric Railway to transfer all its property, including its name, to the St. Louis & Mercantile Railroad was passed.

Used Brass Knuckles.

Eugene Barkley was arrested Thursday morning on complaint of George Dowling who asserts that he met Barkley at Ninth and Walnut streets Wednesday night and after a quarrel Barkley pounded him about the face and head with brass knuckles.

When arrested Barkley was in bed at his home at Walnut street. He was charged with assault and battery and was taken to the police station.

At 1 o'clock Wednesday afternoon Patrolmen O'Brien and Noonan met two men in the vicinity of the house carrying bundles. They acted suspiciously and were arrested. They were Louis Slater and Louis Mesmore, alias Smith, both of whom recently escaped terms in the penitentiary for burglary by accepting work-house sentences.

Three hours later the two patrolmen and the special officers, led by Sgt. Dawson, swooped down on the thieves' retreat. They knew that Mesmore and Slater belonged to the gang and that four others were in the place.

The gang were in a little room built on stilt and opening on a porch in the rear of the building. They were William Mackay, William, alias "Aggie," Hart, Joseph Fies, alias Martin, Leon Mesmore and Louis Slater.

RAID ON A MARKET STREET ROBBER'S ROOST.

ORGANIZED FOR ROBBERY.

The Police Arrest Nine Men Who Are Credited With About Fifty Burglaries.

By the arrest of nine men in a garret at 1521 Market Wednesday afternoon, as reported

and watched it night and day. Several times two or three of the gang could have been arrested, but it was desired to get them all.

At 1 o'clock Wednesday afternoon Patrolmen O'Brien and Noonan met two men in the vicinity of the house carrying bundles. They acted suspiciously and were arrested. They were Louis Slater and Louis Mesmore, alias Smith, both of whom recently escaped terms in the penitentiary for burglary by accepting work-house sentences.

Three hours later the two patrolmen and the special officers, led by Sgt. Dawson, swooped down on the thieves' retreat. They knew that Mesmore and Slater belonged to the gang and that four others were in the place.

The gang were in a little room built on stilt and opening on a porch in the rear of the building. They were William Mackay, William, alias "Aggie," Hart, Joseph Fies, alias Martin, Leon Mesmore and Louis Slater.

There was a man on the porch reading a paper who gave his name as John Mackay. He said he rented a room from Maxey. He was arrested with Henry Seim, who rented the second floor front room.

THIEVES' DEN ON MARKET STREET.

store on Franklin avenue with Officer Keely Thursday morning. Interior search of the place, but the door was locked.

Keely and O'Brien went to Johnson's saloon on South Seventh street about 7 o'clock Wednesday evening.

Keely found loose cigars and tobacco in cigar and tobacco boxes that had already been used, which is a violation of the Federal laws.

When Johnson was questioned by Keely, he dashed out on the street to search the place, but the door was locked.

Wall Street.

NEW YORK, Aug. 27.—Advices of further gold importations, bringing the total to a aggregate of over \$300,000,000, and of \$300,000,000, including \$100,000,000 ordered by the First National Bank of Chicago, have been received. The result has been a rise in gold prices and more favorable quotations for American securities in the London market. The advance in the closing of the stock market, in which the gains were mostly fractional. North American stock prices were unchanged. American bonds are in fair demand and rose 1/2 to 1/4%, and a slightly better inquiry was noted for a price.

The advance authorized in anthracite coal prices in the United States, and the consequent increase in the extent in higher values for the stocks affected, with leading most prominent. The liquidation in the stock market has been caused by the fact that with animation subsiding at the higher rate. Call for the stocks of the anthracite coal companies registered at 8 per cent. This influence, however, was in a measure offset by assurance of a large amount of coal to be shipped to the United States, amounting to \$10,000,000. The bond market was quiet, with a few exceptions. The market for foreign securities in value so pronounced a rise, towards
